AURA FIRES

Founded in 2005 in Stratford-upon-Avon, the heart of Shakespeare country, CK Fires Ltd are a multi-award-winning manufacturer.

Our Aura Fires brand is proud to produce a range of British electric appliances and are considered as one of the most technically advanced manufacturers in the world.

Our range has a heating solution to suit any interior, with a variety of styles, sizes and flame effects to choose from.

Adding an electric fire provides a comfortable and attractive solution for those looking to add warmth and style to their living space.

Built Ins

The built-ins collection showcases our range of stylish and contemporary inset electric fires. Featuring diverse effects, the built-ins collection offers a stunning variety of sizes and styles to suit any interior.

Choosing the ideal size TV is a vital aspect to consider when building your media-wall. Ideally, you want the television to be slightly narrower than the width of the fire in order for your wall not to look top-heavy.

Glass Front

Converting to GF / GF2 / GF3

The appliance is shipped in the GF3 configuration, however all models can be converted to be GF or GF2 depending on your preference.

The Kinver range is supplied with the British woodland log set
